

# measurable differences

Eniva's VIBE is DIFFERENT — more scientifically advanced as compared to other multi-nutrient supplements on the market today.

## 1. Facts with Integrity

Interpreting the labels of some multi-nutrient products is like trying to read a foreign language... you're just not sure what they're saying. Some companies do not even know the amount of ingredients in their products – they say “it varies from one batch to another” or “there is really no way to know the true amounts.” At Eniva, not only do we verify raw material sourcing and have a government inspected manufacturing facility, we provide a detailed listing of the consistent ingredients and their amounts in each **VIBE** bottle.

## 2. Scientific Balance

Eniva devotes a tremendous amount of research and development effort to its products. Ironically, the science of correct nutrient ratios and interactions is often overlooked by most nutritional manufacturers. At Eniva, the laws of chemistry and body balance have been respected. No ingredient is sourced, or technical process explored unless it is grounded in qualified, scientific principles. Volumes of research documents, clinical studies, and test results are reviewed by Eniva's R & D Team as new technologies are explored. **VIBE** truly incorporates the best of both science and nature.

## 3. Unique Ingredients

**VIBE** contains high-dose Green Tea and Aloe Vera Gel in each serving. These unique ingredients possess a multitude of health benefits well known to the scientific community.\*

## 4. High ORAC Score

Short for Oxygen Radical Absorbance Capacity, ORAC is an analysis that measures the total antioxidant power of foods and other substances. It indicates the amount of dangerous free radicals an antioxidant can “absorb” or neutralize. Scientific findings from the USDA suggest that eating plenty of high-ORAC fruits and vegetables may help slow the aging process in the body and brain.<sup>1</sup> Eniva's **VIBE** has one of the highest ORAC scores on the market derived from natural fruits, vegetables, and botanical sources.

## 5. Class 10,000 Production

**VIBE** is formulated and produced within a Class 10,000 Clean Room Manufacturing Facility. This is the same type of environment where heart pacemakers and super-computer chips are manufactured. Eniva has complete control over environmental factors such as air quality, temperature, pressure, and other variables. **VIBE** goes through strict process controls and inspections to ensure both safety and efficacy.

<sup>1</sup> USDA Agricultural Research Service, Human Nutrition Research Center. *High-ORAC Foods May Slow Aging*, 1999.

\*This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease; research is ongoing.

## Supplement Facts

## People Who Should Take VIBE

**VIBE** is designed with everyone's health in mind. It's perfect for:

- ◆ People looking to maintain their health\*
- ◆ Mature individuals who want to retain their youth\*
- ◆ Busy professionals who need a quick, easy nutrition solution
- ◆ Someone who has overcome a recent health challenge\*

- ◆ Moms seeking to provide additional nutrition for their family and children
- ◆ Athletes looking for the added edge that will enhance their efforts.\*
- ◆ Those looking to support their immune system\*
- ◆ Individuals who want to support a healthy heart and cardiovascular system\*
- ◆ Those looking to maintain a normal weight\*
- ◆ People who desire a safe, effective product at an affordable price

*At Eniva, we provide life-enhancing wellness products to the global community. We offer a guaranteed promise of quality, safety and effectiveness, while at the same time, advocating environmental consciousness. Through our leadership and innovation, we empower people to reclaim their health and wellness.*

# A COMPANY OF DISTINCTION

*Eniva is unique, bringing high-value, quality-driven products to you.*

- ◆ Product formulation supported by extensive research, patents, and clinical studies
- ◆ Simple, impactful health programs presented through a unique Philosophy of Wellness
- ◆ Chemists, engineers and scientists who direct and perfect Eniva's wellness technologies
- ◆ Extensive offering of more than 75 wellness products containing high-potency ingredients
- ◆ State of the art research, development, and manufacturing in a Class 10,000 Clean Room Laboratory and USDA/FDA inspected production facility
- ◆ The trust of millions of consumers who have experienced conclusive results

## Product Use Experiences from People Who Have Been Journeying Toward Wellness\*

- ◆ *"My knees, hips, and back are now strong. I can walk and climb stairs again. These products have definitely changed my life beyond anything I thought possible. I can now do things I haven't done in years!"*  
— Phyliss K., Creston, IA
- ◆ *"I can finally move on from the issues with my female cycle and get on with living. The products have changed my life. I can honestly say that I feel like a HEALTHY person."*  
— Melissa B., El Dorado, KS
- ◆ *"After undergoing an extensive medical treatment for my heart, I started on the Eniva products. They have given my body the energy and stamina to get strong again. I used to be forced to rest many times a day and never felt well. Now, I am back into my sport of training dogs three times a day and loving life again!"*  
— Bill B., Winona, MN
- ◆ *"I am able to eat, digest, and enjoy – it's about time! It's amazing how good nutrition can help the body get healthy. All I can say is 'Try it! – Don't Stop!' Everyone needs this product."*  
— Diane S., Alpena, MI
- ◆ *"My sugar and cholesterol levels are now healthy, plus I've lost weight. These products are the best thing I have come across in my whole life. If you want to have a better quality of life, I suggest you try them."*  
— Susan V., Cokato, MN
- ◆ *"I do believe I would not be here today if it weren't for Eniva. Within a short time of starting on the products, my airways cleared. Later, the throbbing in various parts of my body disappeared. Now, I no longer walk with a limp and don't have to use my handicapped car sticker anymore. Plus, Eniva has helped me lose 22 pounds! I believe I finally have found total health. I'm grateful every day for my Eniva Family and the life I was given back."*  
— Kathy B., Kentwood, MI
- ◆ *"Breathe in, breathe out – healthy breathing! What a great feeling to know that the Eniva products really can have a life-changing impact on my way of life."*  
— Cal H., Alpena, MI
- ◆ *"The minerals have helped my body achieve a more healthy pH level. My once aching back now feels great!"*  
— Pete H., North Sioux, SD
